- Helped the employees to print, scan and xerox the necessary documents.

ACHIEVEMENTS

Goodlife Head Office, Caloocan City, Philippines

10/25/2019

Certificate of Completion entitled **Human Resource Information System** designed for Goodlife Microlending Incorporated

Bestlink College of the Philippines

2017-2020

- Project completion entitled “ **AI Radio**” requirements of Computer Drafting and Design subject (2017).
- Project completion entitled “**Sustainable Power Supply**” requirements of Circuit I subject (2018).
- Project completion entitled “**Remote Controlled Electric Fan Using Bluetooth and MCU**” requirements of Circuit II subject (2018).
- Project completion entitled “**Allocatable Water System in Plants using MCU**” requirements of Microprocessor subject (2018).
- Project completion entitled “**Web Developing Using HTML5, CSS3, and Javascripting**” in requirements of Data Communication subject (2018)
- Project completion entitled “**Self-Made Operating System**” requirements of Operating System subject (2019).
- Successfully depended and implemented the Thesis entitled “**Development of Electronic Guide Stick for Blind People Using Microcontroller**” in order to pass and qualify as a computer engineer (2019-2020)

PROFESSIONAL CERTIFICATION

Please visit my LinkedIn Profile

www.linkedin.com/in/richardcaaya10211996 for
other information.

Fundamentals of Digital Marketing

May 2020

In this certification you'll learn understanding your customers, find right measurement and metrics, optimize conversion-rate, knowing the organic channels, create and publish paid channels, send email marketing, build affiliate marketing, and customize referral marketing

Microsoft Advertising Certified Professional

June 2020

The fundamentals of search engine marketing, from starting the first search advertising campaign to optimization and managing the budget.

Google IT Support Professional Certificate

August 2020

Entry-level IT support professional seeking a full-time role in Information Technology. Recently completed the Google IT Support Professional Certificate — an eight-month IT support program that covers troubleshooting, customer service, networking, operating systems, system administration, and security, and includes hands-on labs.

SPECIALIZATION CERTIFICATES

Networking in Google Cloud

July 2020

- Configure Google VPC networks, subnets, and routers
- Control administrative access to VPC objects
- Interconnect networks among Google Cloud projects
- Choose among Google Cloud load balancer and proxy options and configure them

Key Technologies for Business

August 2020

Gained Foundational Knowledge of Cloud Computing, Public/Private/Hybrid Clouds, IaaS/PaaS/SaaS, VMs, Cloud Storage & Cloud Native practices like DevOps. Described Artificial Intelligence, Machine Learning, Deep Learning, Neural Networks, their impact on society, and our future in an AI enabled world. Outline what is Data Science, tasks that a Data Scientist performs, and how Data Science is revolutionizing virtually all industries and businesses.

ONLINE COURSES

Google Cloud

January 2020-July 2020

- **Essential Google Cloud Infrastructure: Foundation**
- **Google Cloud Platform Big Data and Machine Learning Fundamentals**
- **Google Cloud Platform Fundamentals for AWS Professionals**
- **Machine Learning for Business Professionals**
- **Building Conversational Experiences with Dialogflow**
- **Industrial IoT on Google Cloud Platform**

UNIVERSITY OF CALIFORNIA

July 2020

- **The Strategy of Content Marketing**

UNIVERSITY OF VIRGINIA

July 2020

- **Marketing Analytics**

UNIVERSITY

June 2020-July 2020

- **Data Science Math Skills**

June 2020-July 2020

- **AWS Computer Vision: Getting Started with GluonCV**
- **Getting Started with AWS Machine Learning**

June 2020

- **Developing AI Applications on Azure**
- **Cloud Computing Basics (Cloud 101)**

VANDERBILT
UNIVERSITY

July 2020

- **Introduction to Programming with MATLAB**

June 2020

- **Code Yourself! An Introduction to Programming**

June 2020

- **Computer Vision Basics**

June 2020

- **C++ For C Programmers, Part A**

CentraleSupélec

June 2020

- **Build Your First Android App (Project-Centered Course)**

May 2020-June 2020

- **Bootstrap and jQuery**
- **The Python 3**
- **Artificial Intelligence in Digital Marketing**
- **Neural Network in ML**
- **The Internet of Things 2020 Trends and Future**
- **Professional Logo Design using Adobe Illustrator CC 2020**
- **Complete SQL Bootcamp 2020**
- **Linux BASH Shell Terminal Command Basics**
- **Certified Ethical Hacking**
- **Responsive Web Design**

TECHNICAL & BUSINESS PROFICIENCIES

Technical: Linux, Windows, troubleshooting, networking, directory services, cybersecurity

Business: customer support, project management, process improvement

SEMINARS ATTENDED

“6th National Computer Research & Engineering Symposium”

Jan. 26, 2018

- Artificial Intelligence in Robotics
- Swift Programming

“7th National Computer Research & Engineering Symposium”

Feb. 6-9, 2019

- Digital Twin
- Zero Human Interface
- VR Engineering
- Ethical Hacking
- Web Development Skillset

“Game Development Summit 2018”

Dec. 9, 2018

- Introduction to Unity Game Development
- Game Scripting
- Game for Business
- Game Art and Aesthetics

“M & H Subic Inc. JZL Travel & Tours”

Feb. 21-22, 2018

- Information Technology Seminar

“Hytec Power Inc. Seminar”

October 21-22, 2019

- CompTia and Vex Training
